Listing details

Description:

Selling 2 poodles nanashi puppies they are 7 months old. The boy and girl are not neutered and are not related. Very smart, no smell and no shedding. Very suitable for a family with children. I bought them for myself but for personal reasons I have to find them a new home

It is desirable to sell them together as they are very attached to each other.

I want the same price for them as I bought for each one, 8 thousand. They have all the vaccinations for their age. They also have a chip. All their belongings are given with them. These are bowls, toys, etc. If you take two, you can make a small discount. The boy is an unusual black and white color. The girl is beige.
